

Fiskerton CE Primary School News

Flourishing together within the love of God

Dear Families,

A very warm welcome back to everyone as we begin Term 4. We are looking forward to an action-packed term filled with exciting learning opportunities and special events. It has been absolutely lovely to see how well the children have settled back into school routines and how hard they have been working already. We are so proud of their positive attitudes and enthusiasm.

I was completely blown away by the non-chronological reports Badgers have written and published on the yellow-spotted lizard, inspired by their class book *Holes*. The quality of writing, presentation and attention to detail has been fantastic — well done, Badgers! Squirrels have also made a brilliant start to their non-chronological reports, focusing on Antarctica. Alongside this, they have been investigating different types of pollution in Science and asking thoughtful questions about how we can protect our planet. Hedgehogs had a wonderful time in Forest School, where they enjoyed creating spinners and exploring the outdoor environment. Rabbits have had an exciting week too, where their learning has been based on a train ride.

Value of the Term – Compassion

Our value for this term is **compassion**. We will be exploring what compassion looks like in school and in our wider community. A values letter is attached with stories, activities and ideas to help you explore this theme further at home with your children.

World Book Day – Thursday

A reminder that **World Book Day** is this Thursday. Children are invited to come to school dressed as their favourite book character. We have lots of fun-filled, book-related activities planned throughout the day, starting with our special **Reading Morning**.

Reading Together Session:

8:45am–9:20am in classrooms

Please feel free to come in from drop-off time to read with your child. We would love to see as many of you there as possible.

Book Swap:

We will also be running a book swap. If you have any unwanted books at home, please donate them — children will be able to choose a “new” book to take home during the day. Books can be sent in beforehand or brought in on the day.

Science Fair – Friday 13th March

The following week, we will be holding our **Science Fair**. Parents are invited to come in from **2:45pm–3:15pm** to see the fantastic work the children have been doing.

Children have also been set the challenge of creating their own project based on this year’s theme, which they will showcase to the rest of the school and to parents. There will be prizes for each class, so please encourage your children to get involved and investigate their most burning science questions! Further details can be found on the flyer attached to this newsletter.

Forest School This Term

This term, **Forest School** sessions will be for **Hedgehogs and Badgers**.

Please ensure children in these classes come to school dressed in appropriate outdoor clothing on their Forest School day and bring their school uniform to change into afterwards.

Parents' Evenings

Parents' evenings will be held at the end of this term on Monday 30th March and Wednesday 1st April. This is a valuable opportunity to meet with your child's class teacher and discuss their progress. Booking will go live on ParentMail next week, so please make sure you secure your slot.

Thank you, as always, for your continued support. We are looking forward to a busy, productive and enjoyable term ahead!

Mrs Bradbury
